### EXCERPTS FROM GUSSIE'S YEARBOOK

*Who appointed you Queen of the Universe?? Not me! - Lark*

After a promising start, Gussie was sidelined for a few years by Lyme disease and its sequela. She manages to keep a cheerful attitude, however, and helps the revolutionary cause in other ways such as crocheting banners with motivational slogans and collecting cans to recycle and earning money for ammunition. She stays fit by racing about the yard desperately hoping for someone, anyone! to chase her and if no one takes the hint, she will nip at random heels until someone indulges her.

*Dearest Augusta, stop eating everything you see!! Leave some for me! - Slate*

At the end of each grading period, Comrade Kit is often perplexed as to whether Gussie really has her heart in her revolutionary studies or if she is merely putting in the time to please her mother. "Can it be that she is really an aristo deep down and is not committed to my world order?" wonders Comrade

Kit.

*Mom! Stop cleaning my face with your spit!!! It's embarrassing! - Steal*
